BRIDGE COURSE PROGRAMME

# UPDATE: THREE FORMER BRIDGE COURSE GIRLS

From Sr. Crescence to the donors

**Bettiah, August 2, 2016:** Loving regards from all of us in Bridge Course and for Bridge Course. . . . We know that you are working for us, thanks a lot for it.

You might have received our detailed annual report with photographs of the last group of Bridge Course. This year we had the new batch in two groups, the first group was of eight girls, a week later we had the second batch from rather very interior villages numbering seven, and we had already three old girls as second year. These three are **Rubi David**, **Shilpi Kumari**, and **Lalmuni Kumari**. Let me first tell you about the three second-year girls.

*Rubi*

*Shilpi*

*Lalmuni*

Rubi David has a pathetic story. At the age of five, she lost both her mother and father. Then her grandmother brought her to her house, but unfortunately that grandmother also just after three or four years died of cancer. So Rubi was without a guardian, living with her uncle, who was mentally retarded. So a cousin from mother side had pity on Rubi and he brought her from Kolkata to Darjeeling, where he was working. At this time Rubi was fifteen years old. She had no guardian, no home and also no future and no education. Now this uncle Benedick heard of Bridge Course, Bettiah, in August 2015. He brought Rubi begging Sr. Crescence to keep her in Bridge Course, Rubi became the biggest liability and responsibility for Bridge Course's staff, to educate Rubi meant a lot, to pull her out from helplessness, to awake her ambition to achieve dignity as a normal person. Indeed it was a great task. By the end of the academic year of Bridge Course, Sr. Crescence (Direc-

tor of Bridge Course), together with the Sr. Saroj (Ex-Superior), Sr. Elise, and Sr. Abha, decided that Rubi will join Sacred Heart formal school in class seven. This is where Bridge Course has helped Rubi to land up.

Shilpi and Lalmuni both have the same story. Both have joined an English medium school in class six. Both come from very poor families. Shilpi's father is a medical representative and his salary is too low. He has five children and because of little salary, he is not able to provide them with a good education. That's why both Shilpi and her younger sister Khushi are in Bridge Course.

Lalmuni's father is a social worker and he earns very little money. He has six children and he is also not able to provide them a good education. But due to Bridge Course Lalmuni is going to an English medium school.

We will send you a chart, showing the progress of girls who have passed from Bridge Course, more in next letter.
